Subject: Informational: Links to CZARA submittals to EPA/NOAA

Greetings Statewide TMDL Policy Committee Members and Alternates,

For your information, here is a link to the State of Oregon's comments that were submitted last Thursday at the close of EPA/NOAA's public comment period regarding EPA and NOAA's notice of intent to find that Oregon has failed to submit an approvable coastal nonpoint program: <http://www.deq.state.or.us/wq/nonpoint/CZARAsubmittal.pdf>

And here is a link to NOAA's website where all of the documents and comments can be found. This site may not reflect every submission yet, but should soon: http://coastalmanagement.noaa.gov/nonpoint/pro_approve.html

If you have questions, please feel free to contact Karen Tarnow at tarnow.karen.e@deq.state.or.us or (503) 229-5988.

Best regards,
Jessie Conover
